Online Providers	OSPI Approved Online Course Providers	OSPI maintains a list of approved 3 rd party online course providers. Schools can contract with these for individual online courses and receive state apportionment. Providers must comply with assurances that include an appropriately certificated and endorsed teacher, alignment with Washington state learning standards, and compliance with state and federal regulations. During this time, many of these providers are offering services, training, or access to courses or curriculum free or at a discount.
Online Providers	International Society for Technology in Education (ISTE) - Learning Keeps Going Resource Directory	Many educational companies are providing limited-time free or low-cost access to educational programming. The sites below show a collection of such resources in alphabetical order, with a description. These resources have not all been vetted by OSPI, nor should this be considered an endorsement. Educators should be mindful of digital resources that require teachers or students to create online accounts. Please check with district policies and consider HIPPA, FERPA, and COPPA laws with regards to student privacy BEFORE implementing any of these resources.
